THE FASHION PLATE.

The autumn bell skirt will be fuller and wider than the original model, but exactly like it in other respects.

Women who have slender, rounded figures are quite ready to adopt the revived fashion of lacing the bodice in the back.

Brading will be a very favorite garniture in rich dresses next season as well as on tailor gowns and utility costumes.

Brilliant red has come to the fore again for country costumes and will be worn all summer in wool fabrics such as velveting, challis, cashmere, etc.

The new poplin coats take the place of the dress waists. Some are vandyked on the sides in deep points, but are shorter than any of the coats worn a year ago.

The cool, delicious gossamer gowns of muslin, crape, organdie and lace have just now a beneficial effect upon society. The very appearance of them seems to lower the temperature and dispel some of the heat and humidity.

Three dominant features will rule in autumn dress—the coat, the pointed bodice and the graceful redingote or princess dress, the latter so transformed by its elaborate draperies and adjustments as to almost lose its identity.

New and beautiful Vienna fountains of delicate quality and gay coloring are made into entire costumes, with pointed bodices and Marie Antoinette fichus of the silk, with scarf ends that tie in the back, the skirt trimming being rose fuchsia of the fabric, edged with narrow lace.—New York Post.

PINGREE HAS BOLTED.

Detroit's Mayor Who Started the Arbitration Scheme Leaves the Republicans.

GRAND RAPIDS, Mich., Aug. 2.—Mayor Hazen S. Pingree of Detroit, the Republican leader who attracted considerable attention during the railroad strike by his plan of securing arbitration through the mayors of fifty cities has bolted the nomination of John T. Rich for governor. The entire Wayne county delegation goes with him. Mr. Pingree has submitted a letter to the Republicans of Michigan.

He says: "I feel free in addressing you, because I have always been and always hope to be a Republican of the Abraham Lincoln type, and if you have ever questioned my Republicanism it has been by reason of the misrepresentation, the villification, the subsidizing and gagging of certain Republican newspapers."

"I believe in the principles of the Republican party and in law and order, not only by way of suppressing riot, rebellion and disorder, but in the conduct of the party which we all love so dearly, for in no other way can a government of the people, by the people and for the people be maintained."

"I have hesitated to believe that any considerable number of the leaders, so called, of the Republican party hold any different views from my own, but since I came to the convention city detailed reports of the methods used in favor of John T. Rich have come to my knowledge, and I am appalled at them, and I know that I speak the sentiment of the great masses of the Republican party when I say that they are such methods as the intelligent, loyal citizens of Michigan will not endure without a protest."

TO OVERTHROW POPULISM.

A Connecticut Man Has Traveled Through Three Western States.

NEW YORK, Aug. 2.—John W. Lowe of New Haven, is vice president of the Connecticut State League of Republican clubs. He is on his way home after attending the national convention in Denver. Tonight, in the Fifth Avenue hotel, he said to a correspondent:

"Within a fortnight, I have traveled through Colorado, Nebraska and Kansas, and the Republicans in those three states expect to redeem them and overthrow Populism. Citizens, regardless of politics, are uniting against the 'Pops,' as they are called. The miners and railroad men in Colorado are for Waite, but the feeling generally throughout the state is that he must be defeated if Colorado is to be prosperous. The Kansas Republicans have named Major E. N. Morrill for governor, and he is so popular that there is but little doubt of his election."

BEATS MIDWAY DANCES.

A Protest Against the Nude Indian Dances in the Territory.

PERRY, O. T., Aug. 2.—A protest to congress will soon be entered from the Oklahoma and Indian Territory against Indian dances. These dances have become so vulgar that some of the more modest white people and the best Indians believe that the national government should interfere. At the dances, which are held nearly every Sunday at the different agencies by the Ojibwa, Ojibwa, Creek, Cherokee, and other tribes, there are hundreds of spectators. The dances devolve that made the Midway Plaisance at the Chicago World's fair famous, is not a circumstance to the performances given by these virtually nude bucks. The better class of residents of the reservation will make a strong effort in the name of decency to have the dances of the Indians suppressed.

TARSNEY ATTACHED.

An Attachment Issued for Him to Appear Before the Grand Jury.

COLORADO SPRINGS, Col., Aug. 2.—An attachment has been issued for Adjutant General Tarsney who has disregarded a subpoena to appear before the grand jury as a witness. He will be brought from Denver under arrest upon his return from Kansas City whither he went to identify ex-Deputy Joseph Wilson who is said to have been leader of the gang that tarred and feathered the general.

HEADED BY A LAWYER.

A Graduate of Ann Arbor Law School Leads a Coxy Army.

PITTSBURG, Pa., Aug. 2.—General Jeffries' branch of the commonwealth army, 400 strong, has reached here.

The leader, E. J. Jeffries, stands not much over five feet high, is dark skinned and has glossy black hair and mustache. He is decorated with a huge badge marked "General," and in the buttonhole of his coat wears an A. O. U. W. pin and a small piece of white ribbon, showing him to be of temperance proclivities. The general modestly admits that he is a graduate of Ann Arbor law school and a member of the International Typographical union.

The army slept at Jack's Run and had a slender breakfast of bread, green apples and hot water seasoned with a little coffee. General Jeffries visited Superintendent Muth and obtained permission to march through the streets. They are the largest body passed through Pittsburgh and only half of the army is in this division. Police and civilians compared them favorably with other bands of Coxeyites.

At 7 p. m. the army marched to the wharf, where a large crowd gathered. A pile of timber was used for a rostrum. G. G. Lester sang some of the Commonwealth songs and presented General Jeffries.

The leader spoke fluently for two hours, expounding the doctrines of Populism as amplified and added to by the Commonwealth. He advocated the employment by the government of thousands of men in the construction of a vast irrigating system in the west. He thought hundreds of now idle men might be profitably employed improving the rough streets of Pittsburgh and Allegheny.

A New Band in South Dakota.

SIOUX FALLS, S. D., Aug. 2.—Reports come from Mitchell to the effect that about 150 commonwealthers are en route from that city to Sioux Falls. Where they came from no one seems to know. Trainmen on the Omaha road had considerable trouble with them yesterday. The westerners wanted to ride, but were refused that privilege. Finally the determined tramps climbed into box cars. At the first station out of Mitchell a car containing about twenty westerners was side-tracked and the train proceeded. It was supposed that all had been left behind, but at Spencer it was found that about twenty more were occupying a car of wheat. After considerable difficulty the train was rid of the Coxeyites.

NOT SO EASY.

An Insurmountable Obstacle to the Spending of the Cholera Fund.

There is a new obstacle in the way of the payment of the cholera fund to the state board of health, which has evidently been overlooked. The cholera protection law is published on page 98 of the laws of 1893, and one of its provisions is as follows: "The warrant or warrants for the payment of expenses incurred as herein provided, shall be drawn only upon the certificate of the president and secretary of the state board of health, recommended by the judge of the district whose territory is threatened or affected, and approved by the governor of the state." It will be seen from the above that it is no easy matter for the state board of health to get possession of the \$8,000 placed at its disposal by the executive council. The governor can, if he is in earnest, by taking advantage of the provisions of the law, prevent the squandering of the money.

ALARM AMONG DEMOCRATS.

Democratic Workingmen Stomped to Populism in Stuebenville, O., District.

STUEBENVILLE, O., Aug. 2.—The Democrats of this congressional district are in a dilemma since the nomination of Captain Lorenzo Danford by the Republicans, and are turning from pillar to post seeking candidates. A number of the leaders are trying to bring about endorsement of the Populist candidate, James Bretelle, of Mingo, in hopes that by a combination of Populists and Democrats they may defeat Danford.

The Populist party is especially strong in Monroe county, where Democrats are becoming alarmed. In Belmont county, along the river front, Democratic workingmen are stampeding to the Populists.

A POPULIST SCHEME.

They Will Carry a Stereopticon About on Their Tours to Illustrate Their Views.

LA PORTE, Ind., Aug. 2.—The Populists are unusually active in northern Indiana, and plans have been outlined for a vigorous campaign. A number of novel features will be introduced in the canvass in the Thirtieth district. A large tent has been secured and this will be moved from one place to another during the campaign, and with the aid of a stereopticon the speaker's views will be illustrated on the canvas.

J. W. Forrest, the nominee for congress, was recently married to a wealthy New York society young woman, who, it is said, will accompany her husband on his campaign tours. Her charms and personal graces are to be employed in promoting his aspirations. Within the last ten days a number of third-party newspapers have been established.

EAGER FOR FUSION.

Republicans and Populists of North Carolina to Unite.

RALEIGH, N. C., Aug. 2.—The Republican state convention is in session here today. It is almost certain that the Republicans will adopt a resolution favoring fusion with the Populists.

H. L. Grant of the Republican state central committee says the colored vote is doubtful, but asserts that white Republicans and Populists are strong enough to beat the Democrats and leave the colored vote out of their calculation. Marion Butler is the real leader of the Populists in North Carolina, and is also president of the national alliance. He is here, and says fusion has been agreed upon. The plan is to capture the supreme court as well as the legislature.

PACKING HOUSES CLOSE.

All Those in South Omaha Shut Down on Account of the Strike.

OMAHA, Neb., Aug. 2.—All the packing houses in South Omaha were forced to close today by the strike of the cattle and hog butchers. Over 10,000 head of hogs were received at the yards today, but packing house men instructed their buyers not to buy at any figure. The only trading done was by shippers. Little effort was made today towards a settlement of the strike, and the situation was practically unchanged.

RUINS THE MELODRAMA.

No Shooting to Be Allowed on the New York Stage Hereafter.

NEW YORK, Aug. 2.—Herr Zeitung, who has been exhibiting his bullet-proof coat at a local theatre, was arraigned in Jefferson Market court on the complaint of a detective who was detailed to arraign the exhibitor on a summons on the advice of Captain Eakins, who thought the act violated the section of the penal code which prohibits any discharge of firearms at or towards any human being in a theatre. Zeitung's counsel said if his client was restrained from giving his exhibition, such acts in wild west theatrical and other plays should be stopped.

Justice Voorhis said he had no discretion and would have to order the act stopped. The theatre people then said they would substitute a dummy for a human being hereafter. The police, however, say they will hereafter permit no man to be shot at.
